

CARMEL RC TECHNOLOGY COLLEGE SUGGESTION SCHEME

At Carmel RC Technology College we constantly strive to improve the teaching and learning environment for our pupils and staff.

In addition the College also provides a training service to the local community and as such we must ensure that all our stakeholders are made welcome in a professional and safe environment.

The Governors value all stakeholders' opinions and accordingly if you have a suggestion regarding how the College could constructively improve the service it offers it would be gratefully received.

Please complete the slip below and return it to the College.
